

HUB SOCCER FRIDAY FOLDER NEWSLETTER – MAY 2007

HUB SOCCER PARENTS – Although spring soccer is in progress when you get this newsletter, May is the time when we begin planning for the fall season. With an anticipated fall enrollment of 800+ recreation players, it is critical that we start now. Planning ahead ensures that we have enough shirts, socks, shorts & equipment for all participants. Most importantly, planning ahead ensures that all kids play. Please carefully read the following information & register on time. This will help all of us have a successful fall season. Regards, Don Casse, President, HUB Soccer of Denville, Inc.

REGISTER ON TIME: Parents registering their children before or by the registration deadline of 6-22-07 will avoid a \$10 late fee. If you register late & your child's division is full, they will be placed on a hold list & only play if someone drops out. You can avoid this by registering on time. This spring we had to turn away 10 PreK players because they did not register on time. If they registered by the deadline, we could have created an additional team for them.

COSTS: \$45 for your first child, \$45 for the second & a family maximum of \$100 for 3 or more. Any registration forms with a post mark after 6/22 will require a late fee of \$10. Any family experiencing a financial hardship can contact Don Casse, President (973-627-8173) or any other board member to have your child play at no cost. Your request will be handled confidentially. This applies to both recreation & travel players.

ELIGIBLE GRADES & AGES:

School Grade – We need your child's **FALL 2007 SCHOOL GRADE** written at the top of the registration form in the space provided! 5% of our spring registrants left this field blank or put in the wrong grade. For Challenger participants we need their age. Not having the school grade will delay your registration; an incorrect grade will have your child placed in the wrong division.

Challenger Division – the Challenger Division is for special needs children ages 5 to 15. **There is a separate registration form for the Challenger Division.** Participants must be age 5 as of 9/1/07. Challengers play Saturday afternoons. Please **do not** use the Challenger form to register for the recreation program.

Recreation Program – PreK through 8th graders participate in the coed recreation program. PreK players must be age 4 as of 9/1/07 (No Exceptions!).

OTHER INFO:

A registration form is printed on the back of this newsletter. Challenger registration forms are being provided to schools concurrently. Additional forms are available at our web site www.hubsoccer.org

The fall recreation program consists of Saturday games & week night (6:00 PM start) practices. Divisions 3 & 4 also play night games. Please do not call or email us regarding what day your child will practice or the time of their games. This information is not available until after teams are formed, coaches identified & division directors make up schedules. We target mid August to let parents know what team their child is on & who their coach is. Games start 9/1 & Picture Day is 9/8.

HUB Soccer's web site www.hubsoccer.org has the name, phone # & email address of all board members should you need additional information.

All players get a fall uniform consisting of a HUB Soccer t-shirt, soccer shorts & socks.
