DEPARTMENT OF RECREATION

COVID-19 INFORMATION

The health and safety of our athletes, staff, and volunteers has always been and will always remain our highest priority. Below, you will find a summary of actions we are taking to help ensure we are lowering COVID-19 risk as much as possible while also allowing our athletes to play. We are:

- Intensifying cleaning and disinfection within our facilities and premises with regard to frequently touched surfaces
- Reducing physical closeness or contact between players when possible
- Staggering schedules to minimize contact between groups
- Assisting our primary sports groups with the purchase of PPE
- Promoting healthy hygiene practices
- Requesting that coaches, youth sports staff, officials, parents, and spectators wear a face covering during practices and games. Players may opt to wear a cloth face covering on the sidelines and the dugouts, and during play if feasible. As a reminder, cloth face coverings should not be placed on young children younger than 2 years of age, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the cover without assistance.
- Limiting the sharing of equipment
- Requiring that all groups comply with the New Jersey Department of Health Youth Sports Guidelines released on June 15th, 2020

Anyone who is sick or has been in contact with someone who has COVID-19— including players, family members, coaches, staff and spectators — should not attend practices or games. Be on the lookout for symptoms of COVID-19, which include fever, cough, or shortness of breath. Call your doctor if you think you or a family member is sick.
